WAYNER FAILED TO KEEP HIS PROMISE

Man Who Assisted Demaree Gang in
Robbing Dr. Dean's Residence
Year Ago, is in Jail Here

IS ARRESTED IN MICHIGAN

Because He Didn't Deliver All of
Stolen Goods—is Charged With
House Breaking

Carey Wayner, mentioned frequently in connection with the Demaree gang that faced trial in circuit court here this spring, and who confessed at that time under the condition that he would be given his liberty if he told all he knew about the robbery of the Dr. D. H. Dean residence in this city, was arrested yesterday in Jackson, Mich., and brought here to face the charge of robbing the residence of Dr. Dean.

Since other members of the Demaree gang have been sentenced, further developments have come out about Wayner who, it is said, did not keep his word with the officers about his confessions, and his arrest was made on that account.

Capt. Neal of the Big Four railroad detectives, who with other detectives assisted in the prosecution of the gang, traced Wayner to Jackson, Mich., and arrived here yesterday afternoon late, placing him in jail.

At present time there are five men awaiting trial here on burglary charges. Ed and Fred Beemer, Russell Shepherd, all of Muncie, and James Martin of Winchester, charged with breaking into the Knecht clothing store here last month. Three of them are in jail, unable to provide bond. No bond has been placed on Wayner's charge as yet.

It is said that Judge Sparks indicated yesterday that a special term of court would probably be called for one day in order to act on the cases of the five men, as it is understood that all of them are likely to enter pleas of guilty.

Wayner was formerly a brakeman on the Big Four railroad, and it was while he was then working on the railroad that he and Jesse Demaree came here about one year ago and robbed the residence of Dr. Dean, while the family was spending a vacation in the north. This evidence was brought out on the testimony of both Wayner and Demaree at a former trial.

Wayner was under suspicion and when questioned by officials, made a written confession, on condition that he would be immune from punishment, provided that he would tell everything he knew in connection with the robbery.

During the trials here, he assisted in the testimony but in recent months, it was learned that he had not surrendered, some of the stolen goods which was taken from the Dean residence. It is also known by the officials that only recently he destroyed by burning, some of the dresses belonging to members of the Dean family.

On June 21, Lula Wayner, who resides in Greensburg, filed suit for divorce from Wayner, alleging in the complaint certain things about the conduct of her husband, which proved to be things unknown by the officers, and reflected on the Rushville case.

When on the witness stand here at one of the trials Wayner admitted that he had been in prison for two different terms at Jeffersonville and had had a record in different courts.

A sister-in-law of Wayner's who lives in Elkhart, was said to be wearing some of the jewelry stolen by Wayner, to which he had never confessed. Much of the stolen goods obtained by the Demaree gang was disposed of in Elkhart, it was brought out in the recent trials.

At present time there are charges pending in this court against Mrs. Clara Demaree and Gregg Alyea, both of Greensburg, who are charged with conspiracy in connection with the Demaree robberies, and some trials will probably come up some time during the September term.

The charge placed against Wayner is for house breaking, or burglary in the second degree, and upon

BEEMER BOYS ARE RELEASED

Bond is Supplied in Form of Liberty
Bonds Totalling \$6,000

Fred and George Edward Beemer, two brothers from Muncie who were held in jail on charges of breaking into the clothing store of Jack Knecht, were released from jail this morning when their brother-in-law, Jason Reese, furnished the \$6,000 bond required. The bond was supplied in Liberty bonds, five being for \$1,000 and ten for the amount of \$100. The bonds were said to be the property of the two men.

James Martin of Winchester and Russell Shepherd, the other two held on the same charges, were unable to provide bond and will be held in jail until a hearing is given them, unless a bond can be provided.

KIPLINGER TO TOUR 2 ENEMY COUNTRIES

Will Visit Austria, Hungary, Roumania and Probably Poland Latter Part of Month

ALSO VISIT SWITZERLAND.

Mr. and Mrs. John H. Kiplinger and two sons of this city, who are at Wiesbaden, Germany, where Mr. Kiplinger is engaged as vice-chairman of a subcommission supervising the return of loot by the Germans, are planning a trip through Austria, Hungary, Roumania and probably Poland, according to word which has been received by friends here.

When their son Gene returns from the Normandy coast, where he has been visiting, Mrs. Kiplinger and two sons will go to Switzerland for a visit with some of Mr. Kiplinger's friends, about the middle of this month, and will be joined the latter part of the month by Mr. Kiplinger. From there they will start on a tour of countries adjacent to Germany, which will include Poland, if the Russian Reds have not overrun it by that time. Mr. Kiplinger is called on to make this trip as a part of his duties with the sub-commission.

Recently Mr. Kiplinger was called to Cologne on business and Mrs. Kiplinger and son Jules accompanied him. They returned by boat down the Rhine.

SOME WOMEN RUDE TO POLL-TAKERS

Do Not Understand They Are Required to Give Information About Their Politics

STATUTE COVERS THIS POINT.

Some women poll-takers of the county have not been treated very kindly by the women voters, according to word which has reached county republican headquarters here. They do not seem to understand, it is said, that they are required to give the poll-taker the information which is asked. If women voters are uncertain about their politics, they may so inform the poll-taker, who will classify them as doubtful.

In a few instances, it is reported, women have been very rude and have closed the door in the face of the party representative who has called. It is presumed by political leaders that it is their antipathy to voting which has been responsible for such actions.

They do not understand, it is pointed out, that the state law requires that a poll be taken and that penalties are provided when certain information is withheld from the persons who are deputized to take a poll.

Mrs. Raymond Gartin has completed a poll of women voters of Jackson township, according to word received at county headquarters. Other women precinct committeemen are at work and will complete their poll in a few days.

BOARD CONTINUES COMPARISON WORK

Will Prove Assessments Are Not
Too High by Showing What
Sales Have Been

TEN TO THE TAXING UNIT

Thought Reviewers Were so Disposed
—Cancellation of Increases Would
Be of No Avail

The county board of review, which convened in special session yesterday in accordance with the provisions of the Tuthill-Kiper law passed by the special session of the legislature last month, was still busy today seeking vindication of the horizontal increase in tax assessments put on by the state board of tax commissioners last year.

The board is comparing assessment, with the increase on, with actual sales in each taxing unit. They are taking the most recent sales in each township and Rushville, Carthage and Glenwood, from the deed transfer records. They hope to get ten sales in each taxing unit for the sake of comparison to show that the real estate and improvements were not too high after the percent was added by the state board.

Even though the board were disposed to take off the horizontal increases, which is not regarded as likely, it would be of little avail, according to the action of the state board yesterday, in ordering back on the taxable property of Johnson and Shelby counties, the increases put on last year; which were taken off by the boards of review of the two counties last week.

The action of the county board of review in taking off the horizontal increases ordered by the tax board in 1919, reduced the liability of the counties for state taxation. By its decision today the tax board has determined that the basis of equalization of last year should be maintained among the counties of the state and that no county should fall below the liabilities for taxation fixed in 1919.

Shelby and Johnson counties are the only counties in the state that have certified a cancellation of the horizontal increases of last year.

Fred A. Sims, chairman of the tax board, announced that as rapidly as the action of the local boards reach the tax board equalization will be made and certified back to county officials. He said that in the cases of counties in which no change has been made in the county totals the tax board will probably approve the action and certify the valuations back to the county auditors.

The horizontal increases in property valuations ordered by the tax board in Shelby county in 1919 were as follows: Sixty percent on personal property in Shelbyville and Morristown, 40 per cent on personal property in the townships and unincorporated towns and 5 per cent on farm land and real estate in unincorporated towns. The new order of the tax board, through percentages, distributes the amounts of the increases throughout the county. In the case of Shelby county, it is pointed out, the new order will result in the amount of the increases throughout the county. In the case of Shelby county, it is pointed out, the new order will result in the amount of the increases of 1919 being reduced in Shelbyville and Morristown and increased in other sections of the county.

County officials in Shelby and Johnson counties are for the most part Democratic. It is said the action of the county boards of review in the two counties in refusing to accept the 1919 increases was intended as a political slap at the Republican state administration. It is expected that other Democratic counties may be recalcitrant in regard to approving the 1919 valuations, although several Democratic counties have indicated that they will give their approval.

REDS CUT POLES' LINE OF SUPPLIES

Bolsheviki Capture Ciechanow,
Severing Connections Between
Warsaw and Danzig

LEAVING A TRAIL OF MURDER

Russian Troops Are Committing
Atrocities, Pillaging and Out-
raging and Killing Nurses

(By United Press.)

Warsaw, Aug. 10.—The Bolsheviki have captured Ciechanow, cutting the railways between Warsaw and Danzig, over which the Poles received supplies, it was announced today.

London, Aug. 10.—The Bolsheviki are leaving a trail of murder and outrage in their advance, the Polish Red Cross charged today in a message to the league of Red Cross societies.

Russian troops, the message said, were committing atrocities, pillaging, murdering civilians, outraging and slaughtering Polish Red Cross nurses and driving the wounded from the hospitals.

London, Aug. 10.—"We are still hopeful of peace," Premier Lloyd George declared in the house of commons this afternoon as he started his speech laying the Russian-Polish situation before parliament. The atmosphere was tense as the premier started speaking, the members listening to every word.

There is no intention of sending troops to Poland, the premier said. Poland's resources are ample he said, as they are organized by experienced leaders.

Substantial allied stores are available near Poland, he announced, which can be sent there in event that the Poles and Russians failed to agree on a peace at the Minsk conference.

Lloyd George said that the peace of Europe would be endangered as great and aggressive Soviet Russia extends its boundaries so it would be contiguous with Germany.

He declared the government contemplated no action except what may be necessary in support of Poland's independence. The premier said he regretted that the laborites had the idea that the allies were conspiring to destroy the democratic Soviet government.

He appealed to organized labor not to misjudge the matter. The fact that the Poles attacked the Bolsheviki against the advice of the allies justifies Russia in exacting guarantees for the preservation of peace in the future, Lloyd George said, but does not justify Russia in wiping out Poland's national existence.

TWO ACCOUNT SUITS

Two suits on account have been filed today. John W. Ryan, a grocer bringing suit in Squire Steech's court against Kirk Benson on an account which he alleges he is unable to collect, and demands judgment in the sum of \$25, the bill of goods being \$14.37. The B. F. Goodrich Rubber Company brought suit in the circuit court against Alva A. Poer, on an account amounting to \$68.00 and judgment in this case is asked for in the sum of \$100, which includes attorney fees and costs for collection.

OLIVER HUDSON ARRESTED

Oliver Hudson, who lives on the John Knecht farm, was arrested last night on an affidavit filed by Mary Christopher, who charges that Hudson induced Anna Christopher to act immorally. The charge against him is for encouraging delinquency of a minor, the girl being 17 years of age. Hudson was released on \$500 bond which was furnished by Mr. Knecht. His case will come up for hearing in the September term of court.

San Pedro, Cobiula, Mexico, Aug. 10.—Francisco Villa surrendered today.

After years of banditry from both the Mexican and United States government, the famous outlaw delivered himself into the hands of the federals this afternoon and drowned his sorrows with a bottle of "cognac."

The formal surrender ceremonies will take place later with pomp and ceremony, but Villa actually placed his person in the hands of the former enemy today.

ORDERS IN FIVE COUNTIES REVERSED

State Tax Board Instructs Review-
ers Who Rejected Horizontal
Increases to Recognize Them.

SEVERAL MAINTAIN RAISES

(By United Press.)

Indianapolis, Ind., Aug. 10.—County boards of review of several counties have agreed to maintain horizontal increases in property valuations for taxation purposes and five have rejected it, the state board announced today.

In all cases where the increases as ordered by the tax board last year were turned down, the state body has ordered the county boards to recognize them as valuations for paying taxes this year. Those counties which did not approve the increases and which were ordered to put them back on, were Hamilton, Jasper, Boone, Shelby and Johnson. The state board was authorized to equalize the valuations for assessments under the remedial tax legislation passed by the recent special assembly.

Only thirty-five counties have notified the tax board of their action. Fifty-seven are yet to report but in every case where county boards of review decided against horizontal increases, the decision is expected to be reversed by the tax commissioners.

WOULD INTEREST CITY IN RECREATION PARK

Representative of Chicago Firm
Hopes to Interest Rushville
Citizens in Scheme

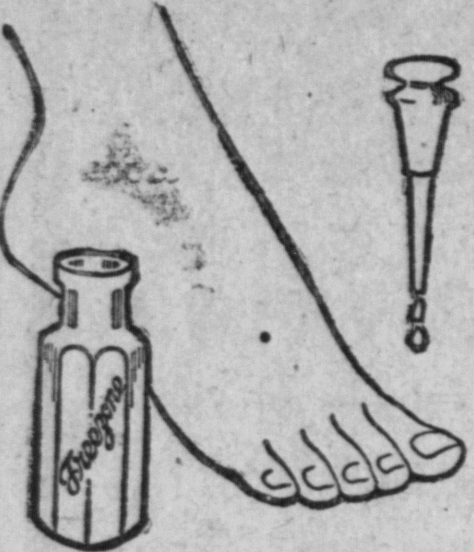

INSPECTS CITY PARK HERE

Alvin Gyllenhaal of Chicago, a representative of the Swain Nelson and Sons Company, nurserymen and landscape gardeners, was in Rushville yesterday in an effort to interest people on an improved recreation park for the city. The representative displayed blue prints of parks under construction by his company, which included a 20 acre park at Lebanon, Ind., which will cost the taxpayers \$20,000, but by a floating bond issue which is lawful, the city has 20 years to pay for the park with only a small amount per capita tax annually decreasing as the amount grows less each year.

Mr. Gyllenhaal stated that the matter would probably be taken up here with the Rotary club. Many cities and counties are donating parks as a memorial for the soldiers who participated in the recent war. The plans of a modern park, call for paved driveways, an open air theater, athletic field, swimming pools, wading pools, an artificial lake, children's playground, flower beds, band stands, tennis courts, building for exhibits and indoor entertainments and a copious wooded place for picnics and family reunions. The representative visited the City park, and surveyed the woods adjoining on the north, so as to take in more territory than the park alone.

Eyes that see can find much food

They can see the opportunities

The big cities are overcrowded
and are worried sick over incessant

mounting higher from day to day,
with apparently no relief in sight.

It is small wonder they demand
enormous prices for their products.

In this town it would be different.
There would be none of the abnormal
expenditures necessary in the large
cities.

Labor can be had for less than

"Why Shouldn't I Praise Trutona"
Asks Mrs. Lindsey After Being
Greatly Benefited

Terre Haute, Ind., Aug. 9—"I can
honestly say that I feel in better
health and stronger now, than I ever
have since I was a girl, and its be-
cause I've been taking Trutona",
says Mrs. Clara A. Lindsey, 60
years old, who lives in Terre Haute
at 283 South Eleventh Street.

"For two or three years I have
suffered with kidney and bladder
troubles. Pains in my back caused
me much suffering, and I would feel
stiff and sore all over at times. My
bladder was badly irritated, causing
me severe pain. I suffered an attack
of the la grippe several weeks ago,
and this left my system in a weak-
ened and run-down condition. My
food didn't taste right and I was so
nervous I could sleep but little at
night."

"I can truthfully say that I feel
like a different woman, since taking
Trutona. My appetite is so improved
that I can actually enjoy a real
meal nowadays. Everything tastes
so good. I haven't had a pain in my
back for two weeks, and the pains
from my bladder are much improved.

PRESENTED WATSON
TO OHIO DELEGATION

Senator Harding Calls Mr. Watson
One of Most Trusted and Beloved
of U. S. Senators

PRESENTED SEN. SUTHERLAND

Marion, O., Aug. 10—In the
course of his address to the Wayne
county (Ohio) delegation, Senator
Harding, Republican presidential
nominee, presented Senator Watson,
of Indiana, and Senator Sutherland,
of West Virginia to the crowd. In
introducing Senator Watson, who
with Mrs. Watson, had taken lunch
at the Harding home, Senator Har-
ding elaborated on the conception of
party government for which he de-
clared in his speech of acceptance.

"I previously have declared my
adherence to party government",
said Senator Harding, "and by that
I don't mean a partisan government
but government by party determi-
nation and council to the good of all
the people. This year there is a sen-
atorial election in Indiana, and it is
necessary to elect to succeed himself
one of the ablest, one of the most
useful, one of the most trusted and
one of the most beloved United
States senators, James E. Watson.

Declining to "make a speech,"
Senator Watson said he had no
doubt of the result of the national
campaign, as it was "always neces-
sary to have a Republican admin-
istration in order to clean up the de-
bris". Senator Sutherland promised
that state to the Republican ticket
by a substantial majority.

Prices—

Up or Down?

High prices for livestock increase the producer's income. Low prices decrease it and even result in losses. Similarly, high prices for meat increase consumer's expenses.

But Swift & Company as a middleman does not benefit by high or low prices. Our income depends not on a high level of prices or a low level, but rather on the margin between the livestock price and the meat and by-products price.

The company's only concern, in whether prices should be high or low, is that they should be high enough to satisfy producers and low enough to please consumers; but over the movement of these prices Swift & Company has no control.

Swift & Company is compelled by competition to pay high enough prices for livestock to secure an adequate supply. We must sell meat at a price low enough to make it move. We endeavor also, between the two prices, to secure a margin large enough to pay all expenses and yield a fair profit.

Our profit for 1919 averaged less than two cents on each dollar of sales, or 6% per cent on money invested.

FUNERAL FOR LEWIS NEWHOUSE WEDNESDAY

Services For Pioneer Farmer of Northern Rush County at Blue River Baptist Church

WIDOW AND SON SURVIVE

Funeral services for Lewis F. Newhouse, who died at his home a short distance south of Occident Sunday noon, will be held at the Blue River Baptist church Wednesday morning at ten-thirty o'clock.

The funeral services will be in charge of the Rev. E. W. Thomas of Danville, Ind. Mr. Newhouse had been a member of the Blue River church since 1883 and had taken an active interest in its affairs.

Mr. Newhouse died at the age of seventy-nine years and was one of the prosperous farmers of northern Rush county. He lived on the farm where he died, for sixty years and was well known and respected throughout the community.

The deceased is survived by the widow and one son, M. L. Newhouse who resides in Greenfield. He was widely related in this county.

TODAY REGARDED AS ONE OF BEST

Continued from Page One

Rush county audience because she delighted chautauqua patrons with two addresses the opening day last year and it was welcome news here that she had been given a place on the program again this year.

Mrs. Stevens arrived this morning and is the guest of Miss Nelle Muire whom she knew at Winona Lake. Mrs. Stevens, together with Miss Muire and Miss Anna Bohannon, a member of the chautauqua program committee, were guests of the Rotary club at the regular weekly luncheon at the Social club today.

It was with regret that chautauqua goers parted last night with the Hadley Concert company. This organization is easily one of the most popular ever on the local platform because Grant Hadley apparently tried to give the audience what it liked.

There was no disguising the fact that the sort of music which had the widest appeal was that familiar to the people the musicians were entertaining. Their selections at the closing concert last night were especially pleasing. That the Hadley company met with the approval of vast majority of the audience was demonstrated by the requests for a repetition of numbers given Sunday.

The work of the mixed quartet was by far the outstanding feature of the company's offerings. Miss Thiel, soprano, and Miss Baron, contralto, were also very well received in their duet numbers. They sang again last night by request, "My Isle of Golden Dreams," and the quartet repeated the sextette from Lucia. To compliment the work of the quartet is to say nothing disparaging about the efforts of Miss Colburne, cellist, and Miss Lowe, violinist. They both performed with rare skill last night and each number was heartily applauded and required an encore to satisfy the audience.

The Feichtl Yodlers came today for two concerts and tomorrow Mr. and Mrs. Ongawa, Japanese actors, will appear in an afternoon prelude and a musical and dramatic program at night. The Feichtl Yodlers will be remembered for their work here last year and undoubtedly will attract a large audience. They have just come from new triumphs at Winona Lake.

Strickland Gillilan, the Hoosier poet and humorist, has arrived in Indiana and his appearance on the Thursday afternoon program is assured. He is in Indianapolis and will appear before a number of chautauquas in his native state this week. Mr. Gillilan is a special friend of Jess Pugh, who will return here Thursday to see him. Mr. Gillilan addressed a poem to Mr. Pugh on the occasion of the recent death of his son Richard at Winona Lake. It is unnecessary to attempt to tell anything about the man who was made famous over night when he jotted down the Irish dialect poem, "Finnigan to Flannigan," for he is known to all Rush county chautauqua patrons. He was here a few years ago for a night address.

FAIRVIEW WINS

The Fairview Dimmers defeated the Conersville Wainwrights Sunday afternoon on the diamonds at Fairview, the score being 18 to 5. The heavy hitting of the Fairview team and the pitching of Vandeventer gave them an easy victory. The Fairview team would like to book some games with New Salem, Raleigh and Andersonville.

DR. OSBORN'S IMPROVED METHODS ARE EXCLUSIVELY HIS OWN, AND THERE IS NO GUESSWORK ABOUT IT. THEY HAVE PROVEN SUCCESSFUL.

In the treatment and cure "without the use of the knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Stomach, Bowels and all other curable Chronic Diseases.

No Matter How Obstinate or How Contracted — Cured

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion, and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

New Tasteless Castor Oil Is Easy To Take

Strength and Purity Remain The Same, but Unpleasant Taste is Removed

A remarkable process, perfected by the chemists of Spencer Kellogg & Sons, Inc., has resulted in a great improvement in castor oil, the reliable, old family remedy. This new tasteless castor oil has the same strength and purity as the old-fashioned kind. It's 100% pure castor oil. Nothing has been removed but the nauseating taste. Think what this means to mothers and their children. When the doctor says, "Give them castor oil," there need no longer be any trouble. Children need never know they are taking castor oil. Grown-ups will also appreciate the difference between Kellogg's Tasteless Castor Oil and the old-fashioned nauseating kind. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c, 35c and 65c. Adv.

Here's a Little Suggestion for the Man Who Doesn't Need to Build

It is remarkable how a little lumber, a little paint and a good workman or two can make over a plain old fashioned, out-of-style house into a neat, attractive home. One man spent a few hundred dollars and the very day the simple improvements were completed he was offered \$1,400 more for the property than he had ever been offered before.

The improvements he had made were better than a 100 per cent investment.

But it isn't altogether the money investment that ought to be considered. Maybe mother and the girls are dissatisfied with the plain old house. The neighborhood has been beautifying and your folks, too, may long for those attractive little features that make the passerby pause and say: "Now there's a neat little home."

Come in and see us. We have some interesting suggestions for economical remodeling. And we can supply the materials!

REGISTRATION IS LESS COMPLICATED

Men and Women Voters May Fill Out Blanks in Advance of Regular Session of the Board

MAY SWEAR BEFORE NOTARY

Signature in Presence of Two Residents of Precincts is Also Regarded as Legal

With the view of making the registration of voters as easy and simple as possible several important changes were made in the law by the recent special session of the Indiana legislature. Every voter in Rush county is interested in these changes as they simplify the registration process.

Under the former law there was a section which provided that if a voter was "unable" to appear in person before either of the regular sessions of the precinct board, he might comply with the law by filing out the blank before a notary public and sending it to the board by messenger. There was considerable confusion as to what the word "unable" meant and when the special session of the general assembly convened many requests were made that the law be amended. There was no question but that voter who was ill might register by messenger but whether or not a voter who would find it inconvenient to go before the board in person could take advantage of the provision was in dispute.

The change that was made relative to this section was acceptable to both parties. The amendment which was passed unanimously strikes out the word "unable" so that any voter may fill out his blank in advance of registration day and permit someone else to file it with the board after it convenes. When a voter does not appear in person before the board he is required to sign the blank in the presence of a notary public. However, if a notary public is not available, a voter may affix his signature in the presence of two resident voters of the precinct in which he lives and it will be regarded as legal.

Party organization workers see in this amendment an opportunity to secure a large registration before the first session to be held on September 4. Instead of waiting until registration day, the blanks can be distributed by precinct committeemen or other workers in advance and the voters may return them to be filed by such committeemen or other worker after the board is in session. Workers in both parties are endeavoring to secure as large a registration as possible on the first day so that a rush on October 4, the second and last registration day, may be avoided.

The law further provides that registration blanks must be distributed in advance of the registration day. These are procured from the county clerk. Another change in the law is that the precinct board shall be in session from 9 o'clock a. m. until 8 o'clock p. m. The former law provided only for afternoon and night sessions.

LIVERPOOL WAS EXPECTANT

Thousands Waited For Archbishop Mannix But Were Disappointed

(By United Press.)

London, Aug. 10.--While thousands of Irishmen waited to greet him at Liverpool, Archbishop Mannix of Australia was landed from the British destroyer Monday at Penzance, a watering place in Cornwall, according to an official announcement by the government press association.

Mannix had been transferred from the Baltic on which he sailed from New York to the destroyer which speeded with him to Penzance while the liner resumed her voyage to Liverpool. The destroyer steamed in the Mount Bay on which Penzance is situated, at 6:15 p. m., according to the announcement. Mystery surrounds the circumstances of the archbishop's transfer from the Baltic to the destroyer. Dublin dispatches stated that the transfer was accomplished by force.

WAYNER FAILED TO KEEP HIS PROMISE

Man Who Assisted Demaree Gang in Robbing Dr. Dean's Residence Year Ago, is in Jail Here

IS ARRESTED IN MICHIGAN

Because He Didn't Deliver All of Stolen Goods—is Charged With House Breaking

Carey Wayner, mentioned frequently in connection with the Demaree gang that faced trial in circuit court here this spring, and who confessed at that time under the condition that he would be given his liberty if he told all he knew about the robbery of the Dr. D. H. Dean residence in this city, was arrested yesterday in Jackson, Mich., and brought here to face the charge of robbing the residence of Dr. Dean.

Since other members of the Demaree gang have been sentenced, further developments have come out about Wayner who, it is said, did not keep his word with the officers about his confessions, and his arrest was made on that account.

Capt. Neal of the Big Four railroad detectives, who with other detectives assisted in the prosecution of the gang, traced Wayner to Jackson, Mich., and arrived here yesterday afternoon late, placing him in jail.

At present time there are five men awaiting trial here on burglary charges, Ed and Fred Beemer, Russell Shepherd, all of Muncie, and James Martin of Winchester, charged with breaking into the Knecht clothing store here last month. Three of them are in jail, unable to provide bond. No bond has been placed on Wayner's charge, as yet.

It is said that Judge Sparks intimated yesterday that a special term of court would probably be called for one day in order to act on the cases of the five men, as it is understood that all of them are likely to enter pleas of guilty.

Wayner was formerly a brakeman on the Big Four railroad, and it was while he was then working on the railroad that he and Jesse Demaree came here about one year ago and robbed the residence of Dr. Dean, while the family was spending a vacation in the north. This evidence was brought out on the testimony of both Wayner and Demaree at a former trial.

Wayner was under suspicion and when questioned by officials, made a written confession, on condition that he would be immune from punishment, provided that he would tell everything he knew in connection with the robbery.

During the trials here, he assisted in the testimony but in recent months, it was learned that he had not surrendered, some of the stolen goods which was taken from the Dean residence. It is also known by the officials that only recently he destroyed by burning, some of the dresses belonging to members of the Dean family.

On June 21, Lula Wayner, who resides in Greensburg, filed suit for divorce from Wayner, alleging in the complaint certain things about the conduct of her husband, which proved to be things unknown by the officers, and reflected on the Rushville case.

When on the witness stand here at one of the trials Wayner admitted that he had been in prison for two different terms at Jeffersonville and had had a record in different courts.

A sister-in-law of Wayner's who lives in Elkhart, was said to be wearing some of the jewelry stolen by Wayner, to which he had never confessed. Much of the stolen goods obtained by the Demaree gang was disposed of in Elkhart, it was brought out in the recent trials.

At present time there are charges pending in this court against Mrs. Clara Demaree and Gregg Ayles, both of Greensburg, who are charged with conspiracy in connection with the Demaree robberies, and their trials will probably come up sometime during the September term.

The charge placed against Wayner is for house breaking, or burglary in the second degree, and upon

BEEMER BOYS ARE RELEASED

Bond is Supplied in Form of Liberty Bonds Totalling \$6,000

Fred and George Edward Beemer, two brothers from Muncie who were held in jail on charges of breaking into the clothing store of Jack Knecht, were released from jail this morning when their brother-in-law, Jason Reese, furnished the \$6,000 bond required. The bond was supplied in Liberty bonds, five being for \$1,000 and ten for the amount of \$100. The bonds were said to be the property of the two men.

James Martin of Winchester and Russell Shepherd, the other two held on the same charges, were unable to provide bond and will be held in jail until a hearing is given them, unless a bond can be provided.

KIPLINGER TO TOUR 2 ENEMY COUNTRIES

Will Visit Austria, Hungary, Roumania and Probably Poland Later Part of Month

ALSO VISIT SWITZERLAND.

Mr. and Mrs. John H. Kiplinger and two sons of this city, who are at Wiesbaden, Germany, where Mr. Kiplinger is engaged as vice-chairman of a subcommission supervising the return of loot by the Germans, are planning a trip through Austria, Hungary, Roumania and probably Poland, according to word which has been received by friends here.

When their son Gene returns from the Normandy coast, where he has been visiting, Mrs. Kiplinger and two sons will go to Switzerland for a visit with some of Mr. Kiplinger's friends, about the middle of this month, and will be joined the latter part of the month by Mr. Kiplinger. From there they will start on a tour of countries adjacent to Germany, which will include Poland, if the Russian Reds have not overrun it by that time. Mr. Kiplinger is called on to make this trip as a part of his duties with the sub-commission.

Recently Mr. Kiplinger was called to Cologne on business and Mrs. Kiplinger and son Jules accompanied him. They returned by boat down the Rhine.

SOME WOMEN RUDE TO POLL-TAKERS

Do Not Understand They Are Required to Give Information About Their Politics

STATUTE COVERS THIS POINT.

Some women poll-takers of the county have not been treated very kindly by the women voters, according to word which has reached county republican headquarters here. They do not seem to understand, it is said, that they are required to give the poll-taker the information which is asked. If women voters are uncertain about their politics, they may so inform the poll-taker, who will classify them as doubtful.

In a few instances it is reported, women have been very rude and have closed the door in the face of the party representative who has called. It is presumed by political leaders that it is their antipathy to voting which has been responsible for such actions.

They do not understand, it is pointed out, that the state law requires that a poll be taken and that penalties are provided when certain information is withheld from the persons who are deputized to take a poll.

Mrs. Raymond Gartin has completed a poll of women voters of Jackson township, according to word received at county headquarters. Other women precinct committeemen are at work and will complete their poll in a few days.

BOARD CONTINUES COMPARISON WORK

Will Prove Assessments Are Not Too High by Showing What Sales Have Been

TEN TO THE TAXING UNIT

Thought Reviewers Were so Disposed—Cancellation of Increases Would Be of No Avail

The county board of review, which convened in special session yesterday in accordance with the provisions of the Tuthill-Kiper law passed by the special session of the legislature last month, was still busy today seeking vindication of the horizontal increase in tax assessments put on by the state board of tax commissioners last year.

The board is comparing assessment, with the increase on, with actual sales in each taxing unit. They are taking the most recent sales in each township and Rushville, Carthage and Glenwood, from the deed transfer records. They hope to get ten sales in each taxing unit for the sake of comparison to show that the real estate and improvements were not too high after the percent was added by the state board.

Even though the board were disposed to take off the horizontal increases, which is not regarded as likely, it would be of little avail, according to the action of the state board yesterday, in ordering back on the taxable property of Johnson and Shelby counties, the increases put on last year, which were taken off by the boards of review of the two counties last week.

The action of the county board of review in taking off the horizontal increases ordered by the tax board in 1919, reduced the liability of the counties for state taxation. By its decision today the tax board has determined that the basis of equalization of last year should be maintained among the counties of the state and that no county should fall below the liabilities for taxation fixed in 1919.

Shelby and Johnson counties are the only counties in the state that have certified a cancellation of the horizontal increases of last year.

Fred A. Sims, chairman of the tax board, announced that as rapidly as the action of the local boards reach the tax board equalization will be made and certified back to county officials. He said that in the cases of counties in which no change has been made in the county totals the tax board will probably approve the action and certify the valuations back to the county auditors.

The horizontal increases in property valuations ordered by the tax board in Shelby county in 1919 were as follows: Sixty percent on personal property in Shelbyville and Morristown, 40 per cent on personal property in the townships and unincorporated towns and 5 per cent on farm land and real estate in unincorporated towns. The new order of the tax board, through percentages, distributes the amounts of the increases throughout the county. In the case of Shelby county, it is pointed out, the new order will result in the amount of the increases throughout the county. In the case of Shelby county, it is pointed out, the new order will result in the amount of the increases of 1919 being reduced in Shelbyville and Morristown and increased in other sections of the county.

County officials in Shelby and Johnson counties are for the most part Democratic. It is said the action of the county boards of review in the two counties in refusing to accept the 1919 increases was intended as a political slap at the Republican state administration. It is expected that other Democratic counties may be recalcitrant in regard to approving the 1919 valuations, although several Democratic counties have indicated that they will give their approval.

REDS CUT POLES' LINE OF SUPPLIES

Bolsheviki Capture Ciechanow, Severing Connections Between Warsaw and Danzig

LEAVING A TRAIL OF MURDER

Russian Troops Are Committing Atrocities, Pillaging and Outraging and Killing Nurses

(By United Press.)
Warsaw, Aug. 10.—The Bolsheviki have captured Ciechanow, cutting the railways between Warsaw and Danzig, over which the Poles received supplies, it was announced today.

London, Aug. 10.—The Bolsheviki are leaving a trail of murder and outrage in their advance, the Polish Red Cross charged today in a message to the league of Red Cross societies.

Russian troops, the message said, were committing atrocities, pillaging, murdering civilians, outraging and slaughtering Polish Red Cross nurses and driving the wounded from the hospitals.

London, Aug. 10.—"We are still hopeful of peace," Premier Lloyd George declared in the house of commons this afternoon as he started his speech laying the Russian-Polish situation before parliament. The atmosphere was tense as the premier started speaking, the members listening to every word.

There is no intention of sending troops to Poland, the premier said. Poland's resources are ample he said, as they are organized by experienced leaders.

Substantial allied stores are available near Poland, he announced, which can be sent there in event that the Poles and Russians failed to agree on a peace at the Minsk conference.

Lloyd George said that the peace of Europe would be endangered as great and aggressive Soviet Russia extends its boundaries so it would be contiguous with Germany.

He declared the government contemplated no action except what may be necessary in support of Poland's independence. The premier said he regretted that the laborites had the idea that the allies were conspiring to destroy the democratic Soviet government.

He appealed to organized labor not to misjudge the matter. The fact that the Poles attacked the Bolsheviki against the advice of the allies justifies Russia in exacting guarantees for the preservation of peace in the future, Lloyd George said, but does not justify Russia in wiping out Poland's national existence.

TWO ACCOUNT SUITS

Two suits on account have been filed today. John W. The B. F. Goodrich Rubber Company brought suit in the circuit court against Alva A. Poer, on an account amounting to \$68.00 and judgment in this case is asked for in the sum of \$100, which includes attorney fees and costs for collection.

OLIVER HUDSON ARRESTED

Oliver Hudson, who lives on the John Knecht farm, was arrested last night on an affidavit filed by Mary Christopher, who charges that Hudson induced Anna Christopher to act immorally. The charge against him is for encouraging delinquency of a minor, the girl being 17 years of age. Hudson was released on \$500 bond which was furnished by Mr. Knecht. His case will come up for hearing in the September term of court.

ORDERS IN FIVE COUNTIES REVERSED

State Tax Board Instructs Reviewers Who Rejected Horizontal Increases to Recognize Them

SEVERAL MAINTAIN RAISES

(By United Press.)
Indianapolis, Ind., Aug. 10.—County boards of review of several counties have agreed to maintain horizontal increases in property valuations for taxation purposes and five have rejected it, the state board announced today.

In all cases where the increases as ordered by the tax board last year were turned down, the state body has ordered the county boards to recognize them as valuations for paying taxes this year. Those counties which did not approve the increases and which were ordered to put them back on, were Hamilton, Jasper, Boone, Shelby and Johnson.

The state board was authorized to equalize the valuations for assessments under the remedial tax legislation passed by the recent special assembly.

Only thirty-five counties have notified the tax board of their action. Fifty-seven are yet to report but in every case where county boards of review decided against horizontal increases, the decision is expected to be reversed by the tax commissioners.

Today was regarded as one of the best of the week at the Rush county chautauqua, which opened at the city park last Sunday and will continue until next Sunday. Indications were this afternoon that Dr. Charles Tindley, the celebrated Philadelphia colored minister, would have a splendid audience because of the reputation he has as a minister. Mable Quam Stevens, who speaks tonight, needs no introduction to a

WOULD INTEREST CITY IN RECREATION PARK

Representative of Chicago Firm Hopes to Interest Rushville Citizens in Scheme

INSPECTS CITY PARK HERE

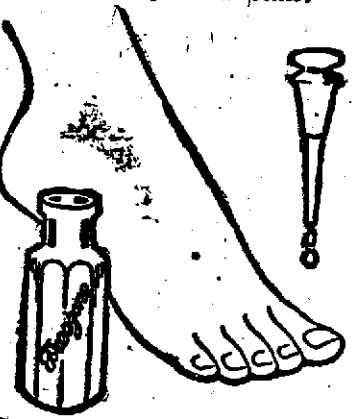

Alvin Gyllenhaal of Chicago, representative of the Swain Nelson and Sons Company, nurserymen and landscaped gardeners, was in Rushville yesterday in an effort to interest people on an improved recreation park for the city. The representative displayed blue prints of parks under construction by his company, which included a 20-acre park at Lebanon, Ind., which will cost the taxpayers \$20,000, but by a floating bond issue which is lawful, the city has 20 years to pay for the park with only a small amount per capita tax annually decreasing as the amount grows less each year.

Mr. Gyllenhaal stated that the matter would probably be taken up here with the Rotary club. Many cities and counties are donating parks as a memorial for the soldiers who participated in the recent war. The plans of a modern park call for paved driveways, an open air theater, athletic field, swimming pools, wading pools, an artificial lake, children's playground, flower beds, band stands, tennis courts, building for exhibits and indoor entertainments and a copious water place for picnics and family reunions. The representative visited the city park and surveyed the more territory than the city owns.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it begins hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Prices — Up or Down?

High prices for livestock increase the producer's income. Low prices decrease it and even result in losses. Similarly, high prices for meat increase consumer's expenses.

But Swift & Company as a middleman does not benefit by high or low prices. Our income depends not on a high level of prices or a low level, but rather on the margin between the livestock price and the meat and by-products price.

The company's only concern, in whether prices should be high or low, is that they should be high enough to satisfy producers and low enough to please consumers; but over the movement of these prices Swift & Company has no control.

Swift & Company is compelled by competition to pay high enough prices for livestock to secure an adequate supply. We must sell meat at a price low enough to make it move. We endeavor also, between the two prices, to secure a margin large enough to pay all expenses and yield a fair profit.

Our profit for 1919 averaged less than two cents on each dollar of sales, or 6% per cent on money invested.

FUNERAL FOR LEWIS NEWHOUSE WEDNESDAY

Services For Pioneer Farmer of
Northern Rush County at Blue
River Baptist Church

WIDOW AND SON SURVIVE

Funeral services for Lewis F. Newhouse, who died at his home a short distance south of Decatur Sunday noon, will be held at the Blue River Baptist church Wednesday morning at ten-thirty o'clock.

The funeral services will be in charge of the Rev. E. W. Thomas of Danville, Ind. Mr. Newhouse had been a member of the Blue River church since 1888 and had taken an active interest in its affairs.

Mr. Newhouse died at the age of seventy-nine years and was one of the prosperous farmers of northern Rush county. He lived on the farm where he died, for sixty years and was well known and respected throughout the community.

The deceased is survived by the widow and one son, M. L. Newhouse who resides in Greenfield. He was widely related in this county.

Continued from Page One

Rush county audience because she delighted chautauqua patrons with two addresses the opening day last year and it was welcome news here that she had been given a place on the program again this year.

Mrs. Stevens arrived this morning and is the guest of Miss Nellie Maure whom she knew at Winona Lake. Mrs. Stevens, together with Miss Maure and Miss Anna Bohannon, a member of the chautauqua program committee, were guests of the Rotary club at the regular weekly luncheon at the Social club today.

It was with regret that chautauqua goes parted last night with the Hadley Concert company. This organization is easily one of the most popular ever on the local platform because Grant Hadley apparently tried to give the audience what it liked.

There was no disguising the fact that the sort of music which had the widest appeal was that familiar to the people the musicians were entertaining. Their selections at the closing concert last night were especially pleasing. That the Hadley company met with the approval of vast majority of the audience was demonstrated by the requests for a repetition of numbers given Sunday.

The work of the mixed quartet was by far the outstanding feature of the company's offerings. Miss Thiel, soprano, and Miss Baron, contralto, were also very well received in their duet numbers. They sang again last night by request, "My Isle of Golden Dreams," and the quartet repeated the sextette from Lucia. To compliment the work of the quartet is to say nothing disparaging about the efforts of Miss Colburne, cellist, and Miss Lowe, violinist. They both performed with rare skill last night and each number was heartily applauded and required an encore to satisfy the audience.

The Feichtl Yodlers came today for two concerts and tomorrow Mr. and Mrs. Ongawa, Japanese actors, will appear in an afternoon prelude and a musical and dramatic program at night. The Feichtl Yodlers will be remembered for their work here last year and undoubtedly will attract a large audience. They have just come from new triumphs at Winona Lake.

Strickland Gillilan, the Hoosier poet and humorist, has arrived in Indiana and his appearance on the Thursday afternoon program is assured. He is in Indianapolis and will appear before a number of chautauquas in his native state this week. Mr. Gillilan is a special friend of Jess Pugh, who will return here Thursday to see him. Mr. Gillilan addressed a poem to Mr. Pugh on the occasion of the recent death of his son Richard at Winona Lake. It is unnecessary to attempt to tell anything about the man who was made famous over night when he jotted down the Irish dialect poem, "Finnigan to Flannigan," for he is known to all Rush county chautauqua patrons. He was here a few years ago for a night address.

New Tasteless Castor Oil Is Easy To Take

Strength and Purity Remain.
The Same, but Unpleasant
Taste is Removed

A remarkable process, perfected by the chemists of Spencer Kellogg & Sons, Inc., has resulted in a great improvement in castor oil, the reliable, old family remedy. This new tasteless castor oil has the same strength and purity as the old-fashioned kind. It's 100% pure castor oil. Nothing has been removed but the nauseating taste. Think what this means to mothers and their children. When the doctor says, "Give them castor oil," there need no longer be any trouble. Children need never know they are taking castor oil. Grown-ups will also appreciate the difference between Kellogg's Tasteless Castor Oil and the old-fashioned nauseating kind. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratories filled bottles, plainly labeled "Kellogg's Tasteless Castor Oil." The 5c, 10c and 25c bottles.

Anything in Your Eye?

Many people who come to us for eye examination imagine there is some foreign substance in their eyes.

It is hard to convince them, sometimes, that these gritty, sandy, scratching, irritating conditions are symptoms and effects due to refractory errors which usually can be corrected by the wearing of properly fitted glasses.

Let us take the "grit" out of your eyes.

Long Bell
THE MARK ON QUALITY LUMBER

Here's a Little Suggestion for the Man Who Doesn't Need to Build

It is remarkable how a little lumber, a little paint and a good workman or two can make over a plain old fashioned, out-of-style house into a neat, attractive home. One man spent a few hundred dollars and the very day the simple improvements were completed he was offered \$1,400 more for the property than he had ever been offered before.

The improvements he had made were better than a 100 per cent investment.

But it isn't altogether the money investment that ought to be considered. Maybe mother and the girls are disgusted with the plain old house. The neighborhood has been beautifying and your folks, too, may long for those attractive little features that make the passerby pause and say: "Now there's a neat little home."

Come in and see us. We have some interesting suggestions for economical remodeling. And we can supply the materials!

REGISTRATION IS LESS COMPLICATED

Men and Women Voters May Fill
Out Blanks in Advance of Reg-
ular Session of the Board

MAY SWEAR BEFORE NOTARY

Signature in Presence of Two Resi-
dents of Precincts Is Also
Regarded as Legal

With the view of making the registration of voters as easy and simple as possible several important changes were made in the law by the recent special session of the Indiana legislature. Every voter in Rush county is interested in these changes as they simplify the registration process.

Under the former law there was a section which provided that if a voter was "unable" to appear in person before either of the regular sessions of the precinct board, he might comply with the law by filing out the blank before a notary public and sending it to the board by messenger. There was considerable confusion as to what the word "unable" meant and when the special session of the general assembly convened many requests were made that the law be amended. There was no question but that voter who was ill might register by messenger but whether or not a voter who would find it inconvenient to go before the board in person could take advantage of the provision was in dispute.

The change that was made relative to this section was acceptable to both parties. The amendment which was passed unanimously strikes out the word "unable" so that any voter may fill out his blank in advance of registration day and permit someone else to file it with the board after it convenes. When a voter does not appear in person before the board he is required to sign the blank in the presence of a notary public. However, if a notary public is not available, a voter may affix his signature in the presence of two resident voters of the precinct in which he lives and it will be regarded as legal.

Party organization workers see in this amendment an opportunity to secure a large registration before the first session to be held on September 4. Instead of waiting until registration day, the blanks can be distributed by precinct committeemen or other workers in advance and the voters may return them to be filed by such committeemen or other worker after the board is in session. Workers in both parties are endeavoring to secure as large a registration as possible on the first day so that a rush on October 4, the second and last registration day, may be avoided.

The law further provides that registration blanks must be distributed in advance of the registration day. These are procured from the county clerk. Another change in the law is that the precinct board shall be in session from 9 o'clock a. m. until 8 o'clock p. m. The former law provided only for afternoon and night sessions.

LIVERPOOL WAS EXPECTANT

Thousands Waited For Archbishop
Mannix But Were Disappointed

(By United Press.)

London, Aug. 10.--While thousands of Irishmen waited to greet him at Liverpool, Archbishop Mannix of Australia was landed from the British destroyer Monday at Penzance, a watering place in Cornwall, according to an official announcement by the government press association.

Mannix had been transferred from the Baltic on which he sailed from New York to the destroyer which speeded with him to Penzance while the liner resumed her voyage to Liverpool. The destroyer steamed in the Mount Bay on which Penzance is situated, at 6:15 p. m., according to the announcement. Mystery surrounds the circumstances of the archbishop's transfer from the Baltic to the destroyer. Dublin dispatches stated that the transfer was accomplished by force.

PETHEY BOY!

Just a night flash by fast mail to uncork
you a real fuss-stirring idea that has five
aces shaded!

Now, bolt this down:—no two people,
unless they run a circus or write encyclo-
pedias, ever agree offhand on which is a
camel and which is a dromedary when you
line the two up and check off one hump on
one and two humps on the other. You
can't do it with the sun shining!

Spill this "hump" question first time
you're in a bunch of live ones—if you
want to see fur fly! Never heard such a
wind-jamming squall in my life as tonight
when I passed it to our crowd! You know
Betty Ellen Jones. Well, she said a drome-
dary was a he-camel hunting a date in
the desert! And, Betty's "Vassar, '20"—
rah, rah! All right, Betty!

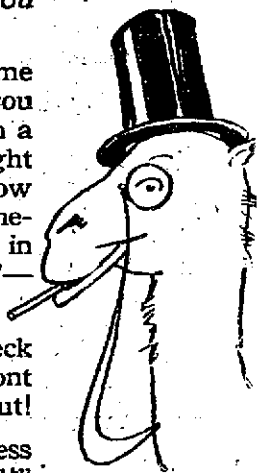

All you've got to do is dig out your deck
of Camel cigarettes. That "bird" out front
clinches the argument—apparently—but!

In the classic language of bigger business
circles—"you tell 'em Cricket, Katy did!"

Report your luck quick. Try it on old
Jig Jones! And listen, Peter. I'll shortly
slip you some smoke news that'll make
Jake's ideas rattle like a tin can tied to a
towser dog's tail! S'long!

Yours for warm socks
